GEB/JER

Dr. A. B. Sabin, M.D.,
The Children's Hospital Research
Foundation,
Elland Avenue and Bethesda,
CINCINNATI 29,
Ohio, U.S.A.

Dear Dr. Sabin,

I have much pleasure in
enclosing a reprint of our paper on the Virus
B case. As you will see, by the Spring he had
made a fairly good recovery and my latest
information is that improvement has been
continuous though there is still some disability
in the left leg.

With kind regards,

Sincerely yours,

Dr. G. E. Breen
