FROM: W. McD. Hammon, Director

DATE: February 28, 1957

SUBJECT: Publications based on work sponsored by Commission

As you may recall, it has been the policy of this Commission to include a list at the end of the bound Annual Reports showing publications dealing with research sponsored by this Commission which have appeared since the last Annual Report. It would be appreciated if the full references on your publications appearing between 1 March 1956 and 28 February 1957 could be sent to me as soon as possible.

This is also a reminder to all Responsible Investigators that 125 copies of the Annual Progress Reports and 25 additional copies of the Abstract are due in this office today.
