MEMORANDUM FOR RECORD:

SUBJECT: Requirement for Encephalitis Sera

1. The Neurotrophic Virus Commission in Tokyo urgently needs certain sera
for the purpose of completing tests relative to the study of Japanese B Encephalitis.

The necessary sera is believed to be presently available in small quantities from
the Sharp and Dohme Company in the United States. Radio to the Surgeon General
requests shipment of the necessary sera and forwards air priority.

2. Concurrency: G-4 (Major Manciao) (Capt. Brown),

DEAN D. HELM,
Stock Control Officer,
Supply Division.
