18th November 1949.

Professor Albert Sabin,
University of Cincinatti College of Medicine,
Cincinatti.
Ohio.

Dear Professor Sabin,

In February of next year we are producing a special number of this Journal on the subject of 'Diseases of the Nervous System'. Would you be so extraordinarily kind as to contribute an article for it on the Virus Diseases? perhaps something in the nature of a survey?

I venture to enclose a copy of our present number on Diseases of the Heart which I am afraid would not be of great interest to you but would show the sort of material we turn out.

We should be extremely grateful if you can see your way to agree.

Yours very sincerely,

Andrew Monro, M.D., F.R.C.S.,
Editor.
