Dr. Albert B. Sabin  
Bacteriology Dept., Lister Institute  
London, England

Dear Doctor Sabin:

2 reprints of your papers  
Studies on the B Virus. I and II.

which appeared in vol. XV, Aug., 1934

of the British Journal of Experimental Pathology

are desired for the library and for the use of  
the staff of the Rocky Mountain Spotted Fever and  
Tularaemia Laboratory of the United States Public  
Health Service at Hamilton, Montana.

If it is not possible to send the number  
of copies indicated, it is hoped that at least  
one or two can be spared.

Respectfully,

R. R. Parker, Special Expert  
Officer in Charge
