August 20th

Dear Mrs. Sabi,

Doctor Sabi has accepted an invitation to speak at the Annual Banquet of the Greenville County Foundation on October twenty-second. The purpose of this letter is to invite you and your daughter to accompany Doctor Sabi on this trip.

A private airplane will meet Doctor Sabi at the airport at four o’clock in the afternoon. He will be flown back to Cincinnati early the following morning. Your children would lose less than half a day of school. They will be thrilled and swell
with pride by the respect our citizens will have for their father. If you should believe that your younger child would not enjoy a banquet we shall arrange for marvelous care for her during your absence.

We, everybody in Greenville County, sincerely hope that you will look with favor on this invitation.

Cordially,

Frank ePeay
