Dr. Albert B. Sabin
3101 New Mexico Avenue, NW
Washington, DC 20016-5902

Dear Dr. Sabin:

It has been some time since we last communicated, and much has happened in the poliovirus field. I have always learned much from your input on our work, and therefore I take the liberty of sending you reprints of some of our recent papers. In retrospect, when I began to work on poliovirus attenuation, I knew very little, but your comments have steered me in the right directions. I hope these articles are of interest to you.

Sincerely,

A handwritten signature in cursive script that reads "Vincent Racaniello".

Vincent Racaniello, Ph.D.
Professor
