January 12, 1943

Dr. Albert B. Sabin
The Children's Hospital Research Foundation
Elland Avenue and Bethesda
Cincinnati, Ohio

Dear Doctor Sabin:

Thank you for letting me know in your letter of January 11 that (1) you have taken the final type physical examination, (2) returned the application to Lt. Colonel Hall, and (3) are getting up your release through the Office of Procurement and Assignment Committee for Physicians.

Colonel Hall has given me the information needed to answer your questions. You do not need to appear before a Medical Officer Recruiting Board and you do not need to obtain a release from your Selective Service Board, unless you are classified as 1A.

Sincerely yours,

S. Bayne-Jones
Colonel, Medical Corps

cc: Col. Hall
