February 17, 1960

Dr. E. Russell Alexander  
Chief, Surveillance Section (Poliomyelitis)  
Communicable Disease Center  
50 Seventh Street, N. E.  
Atlanta 5, Georgia

Dear Dr. Alexander:

In reply to your letter of February 16 you may quote my note on "Studies outside of U. S. A. with Aliquots of Original Lots of Vaccine" and "Polio Eradication Programs in Progress or Shortly to Begin Abroad with Vaccine Prepared from my Strains" in your next issue of the Poliomyelitis Surveillance Report. My statements are, in each case, based on correspondence from the individuals mentioned.

Sincerely yours,

Albert B. Sabin, M. D.
