Dr. M. Kitaoka  
National Institute of Health  
Kamiosaki-Chojamaru  
Shingawa-Ku  
Tokyo, Japan

Dear Dr. Kitaoka:

Enclosed herewith is a copy of a paper that I have just finished and am submitting for publication. Since it is a rather long paper it may take some time before it is published and I would, therefore, like you to have a copy because it may be helpful in your work.

I would appreciate it very much if you could let me know the present status of the studies that you had been planning to carry out.

With best wishes and kindest personal regards.

Sincerely yours,

Albert B. Sabin, M. D.
