Dear Stuart-Harris:

In reply to your letter of 18 November I should like to say that 18 January to 20 January are very good dates for your visit to Cincinnati. I expect to have a fairly large group of volunteers under test at that time and we could devote one of the days to a trip to the institution where the tests are being conducted.

It will be good to see you again.

With kindest regards.

Sincerely yours,

Albert B. Sabin, M. D.

P. S. If George Dick should be interested in joining you I would be delighted to have him come.
