171 Ashley Av.  
Charleston - South Carolina  
U.S.A.

Dear Mr. Sabin

Due to problems in the development of the photos, only now I am sending a copy of the ones taken in our home, on your last stay here.

I am very happy to let you know that my grandchild was born last May, received the name of Edgard 3rd., and has already been given the Sabin vaccine.

We hope to see you again on your next trip to Brasil, and my family and I send you and Mrs. Sabin our warmest regards.

  
Dr. Alvaro Pacheco e Silva

P.S. - I am sending attached some newspaper clippings about your stay here, for Mrs. Sabin's collection.
