Brasilia, 23 de agosto de 1981.

Dear Albert,

My congratulations for your huge work on Residual Paralytic Poliomyelites in Federal District of Brasil.

Here with, I send you:

a) Situação Epidemiológica da Poliomielite no DF;

b) Campanha Nacional de Vacinação antipoliomielitica no Distrito Federal (how we plan the vaccination in August, 15th, 1981)

The invitation for your trip to Brasilia, the air ticket and some information on the public health in Brasilia will be sent to you today or tomorrow.

I am anxious to see you and to talk with you.

Here with, a copy of an article that I published in Correio Brasilienise (the most important newspaper in Brasilia) where I talk on my job in Brasilia since 1956 to organise a modern Health Care in Brasilia and my enthusiasm for the revival of my plan, performed now – renewed – by dr. Frejat.

Warmest regards to Heloísa and you from Dinah and I.

Sincerely,

[Signature]
