THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

INCORPORATED

120 BROADWAY

NEW YORK

October 11, 1940

BASIL O'CONNOR
PRESIDENT

Dr. Albert B. Sabin
The Children's Hospital Research Foundation
Elland Avenue and Bethesda
Cincinnati, Ohio

Dear Dr. Sabin:

The Foundation is considering the presentation of a Scientific Exhibit on Poliomyelitis at the 92nd Annual Session of the American Medical Association, which will open in Cleveland on June 2, 1941.

I am writing you as a grantee to ascertain if you will have material which will lend itself to exhibition and if so whether you would be willing to present this work in such an exhibit. Of course each grantee exhibits as an individual and is eligible for an individual award.

We feel that such a collection of exhibits in one unit would portray dramatically the most recent advances in the field of infantile paralysis.

I will be pleased to hear from you regarding this matter at your early convenience.

Sincerely yours,

Basil O'Connor

President
