March 31, 1939.

Dear Doctor Greenwald:

I am submitting herewith duplicate copies of an article by myself entitled "Biological and Immunological Identity of Toxoplasma of Animal and Human Origin", which I hope you will find suitable for publication in the forthcoming issue of the Proceedings. I would appreciate it very much if this paper were not placed on the program of the meeting.

Sincerely yours,

[Signature]

Albert B. Sabin

Doctor I. Greenwald,
477 First Avenue,
New York City, N. Y.
