Dear Dr. Sabin:

Would you be good enough to read critically the attached manuscript entitled "The prevalence of toxoplasmosis in wild pigeons", by Leon Jacobs, Marjorie L. Melton, and Frances E. Jones, which has been submitted for publication in the Journal of Parasitology.

Your comments on its value as a scientific contribution and on its organization and phraseology would be appreciated by the Editorial Committee of the Journal. They will, of course, be considered confidential.

Thank you in advance for your courtesy.

Very truly yours,

Justin M. Andrews
