Dear Dr. Sabin:

I have received the enclosed manuscript from Dr. Manwell but my ignorance is such that I am unable to judge its merits. Since I am publishing the Symposium of which you were Moderator, I should like to have your opinion on this paper: first, whether it is sound enough to publish; and second, whether it should appear in the same issue, though not, of course, as a part of the Symposium.

I have written to Frenkel, Jacobs, Feldman and Eyles for their manuscripts. I have yours and Mrs. Wilders'.

Yours sincerely,

L. W. Hackett, M.D.
