Albert B. Sabin, M.D.
The Children's Hospital Research Foundation
Elland Ave., and Bethesda
Cincinnati 29, Ohio

Dear Doctor Sabin:

The enclosed manuscript is submitted to you for criticism. You will notice that I have taken the liberty of placing your name on the manuscript with the proposal that you introduce the paper for publication in the Proceedings of the Society for Experimental Biology and Medicine. I am sure you may wish to make some changes in the presentation before doing us the favor of introducing the paper.

Sincerely yours,

Clarence R. Cole, D.V.M.
Chairman
Intrauterine infection in dogs, premature birth, and presence of organisms in milk.

Infusion in uterus, abortion, premature birth, and

At what stage of pregnancy were dogs inoculated?

Use of word abortion:

Work of Eidenwald on experimental intrauterine infection

and transmission of toxoplasma by milk.

Look up "abortion" in dictionary — expulsion of fetus before

References to Eidenwald's experiments.

Miscarriage — expulsion of the fetus before it is capable of independently maintaining its

extrauterine existence.

Effects of experimental infection of dogs during

Last Sixth of Pregnancy.
