and Department of Pediatrics,
University of Cincinnati College of Medicine
Cincinnati, Ohio

Gentlemen:

At the request of Dr. R. B. Tudor I am sending to you a serum which he would like to have tested for Toxoplasma Antibodies. We do not have the parasites and since you have done extensive work in this field would appreciate it if you would help us out. Any charge for the test you may send to Dr. Tudor.

We would also like to know if you can advise us as to where to send serum for future tests and of the possibilities of keeping toxoplasma parasites for tests in this laboratory.

Sincerely yours,

F. J. Tello, M.S.
Bacteriologist
