Dr. Albert B. Sabin
The Children's Hospital Research Foundation
Cincinnati, Ohio

Dear Albert:

Thanks so much for sending me, so promptly, the slides for our Laboratory on toxoplasmosis. They are superb and, while I haven't had a chance to do a careful job of it, I am looking forward to studying them.

Incidentally, the welkin still rings with your praises.

With best wishes.

Gratefully yours,

Derrick Vail, M.D.
