February 6, 1959

Dr. Albert B. Sabin
The Children's Hospital Research Foundation
Elland Avenue and Bethesda
Cincinnati 29, Ohio

Dear Doctor Sabin:

Thank you for your offer to send the two sandfly fever and the New Guinea B strains of dengue viruses to the Rocky Mountain Laboratory. Its purchase order did not indicate the name of the scientist who wants this material; we are therefore sending a copy of your letter to RML and asking that the indicated person correspond directly with you. In these circumstances we will not bill RML for the material.

Sincerely yours,

Freeman A. Weiss
Curator
