Dear Albert:

We returned last evening, tired but happy, from our interesting experiences in Israel -- the highlite being our two day stay with you.

We tried the two telephone numbers we had for Debbie and Amy, but after three attempts on each of the numbers, found neither one in.

Would you, at your convenience, drop me a line, giving me their home address, so that we can write them, and in that way keep in touch with them.

We had a great time with Bob and Beth in Bethesda, but nevertheless we were glad to get home, as we usually are.

With kindest personal regards, I remain, until further,

Sincerely yours,

T. Chanock

Dr. Albert B. Sabin,
President
Weizmann Institute of Science
