Dear Dr. Sabin:

Elva and I enjoyed seeing and talking with you in Atlantic City. It is always a pleasure to have the opportunity to talk to you.

As you requested, I am enclosing a copy of my talk on the "Stuffy Nose" Syndrome of Premature Infants. Naturally, prior to publication, it will be extensively revised. I would however appreciate any suggestions or comments you care to make. Since this represents the only copy that remains of this paper, I would be grateful if you would return it to me.

Sincerely yours,

Heinz
