Dear Doctor Goldforb:

I would like to sponsor for publication in the "Proceedings of the Society for Experimental Biology and Medicine" the enclosed manuscript entitled "Hemagglutination by Col-MM-Virus" by Sven Gard and Leo Heller. Dr. Sven Gard is one of the leading European virologists and I would appreciate it very much if this paper would receive the most serious consideration. All correspondence concerning the manuscript and, if it is accepted for publication, the galley proofs should be addressed to me.

With kindest personal regards.

Sincerely yours,

Albert B. Sabin, M. D.
