

October 25, 1961

Dr. David R. Ginder
Department of Medicine
University of Missouri
School of Medicine
Columbia, Missouri

Dear Dave,

I was very glad to receive your letter of October 19 and to learn that you are satisfactorily settled at the University of Missouri. Under separate cover, I am sending you the reprints on the microprecipitin test that you requested, as well as some others on polio that may be of interest to you.

With best wishes and kindest personal regards.

Sincerely yours,

Albert B. Sabin, M. D.
