Dear Dr. Schneckloth:

RE: Dr. David Richards Ginder
Ref. No. 66 646

I deeply regret the delay in replying to your letter of 1 November because of my absence from the country and an especially busy schedule subsequent to my return. My actual contact with Dr. Ginder was in Tokyo during the summer of 1946 at which time he was engaged in virologic research in a laboratory under my direction. Dr. Ginder is a highly qualified and reliable investigator and I would always look with favor on any application that he might submit.

With best wishes.

Sincerely yours,

Albert B. Sabin, M. D.
