Dear Dr. Howe:

This is a letter recommending Dr. Natan Goldblum for membership in the American Association of Immunologists. I have had personal contact with Dr. Goldblum for several years at international meetings and also during the past summer when I visited him in Israel for a period of 12 days. In my opinion he is an investigator of the first rank in the field of immunology and virology.

Sincerely yours,

Albert B. Sabin, M. D.
