Dear Albert:

I asked Bill Joklik to read the enclosed manuscript, and these are his comments. I apologize for the fact that I just did not have time to read this myself yesterday. In this field, however, Bill is more qualified than I. Obviously, there are problems with this manuscript; and I leave it to your good judgment whether you should refuse to submit it, or suggest radical revision, including some new experiments.

I hope this finds you up and about.

With kind regards,

Cordially,

Harry Eagle, M.D.  
Chairman
