Dear Dr. Sabin,

Thank you for your letter of  
yesterday's date. It is very good of you to give me  
an appointment when you are obviously so  
busy.

Concerning the date, your suggestion  
that we go to Cincinnati together by rail on the  
evening of April 28<sup>th</sup> appears by far the better  
plan as I find I can easily go on from Cincinnati  
to Atlanta, Georgia on April 30<sup>th</sup> without any  
need to return to Washington. In that way I shall  
have no time at all.

I have written today to Dr. Joseph C. Payne  
at the Rockefeller Foundation advising him  
accordingly and seeking his approval. When that is  
available I shall advise you as soon as  
possible. The Foundation will make any necessary  
arrangements for me.

Yours sincerely,  
J. Conrad
