August 15, 1957

Dr. Albert B. Sabin
Children's Hospital Research Foundation
Elland Avenue and Bethesda
Cincinnati 29, Ohio

Dear Dr. Sabin:

Thank you for forwarding to me Dr. Morzycka's letter of June 5, 1957 requesting a tissue culture adapted strain of infectious canine hepatitis virus.

Both Dr. Cox and I personally would have been pleased to satisfy this request but, upon checking further, we have found that it is not possible to do so because of company policy. Please convey our regrets to Dr. Morzycka.

However, I believe that a culture of this virus could be obtained from Drs. J. Miller and Aa. Thordal-Christensen, of the Biological Institute of the Carlsberg Foundation, Copenhagen, Denmark, who confirmed our work shortly after its publication.

With kind regards from Dr. Cox and myself.

Sincerely yours,

RESEARCH DIVISION
American Cyanamid Company
