Dear Prof. Sabin!

Unfortunately I am not able to accept your kind help to give me a place in your Institute.

It was not possible to get a fellowship for this date and also Prof. Jermer was unbusinessful. Now we will try some other ways and I have the big question if you allow that I apply to you in a later time if I get a fellowship?

Thinking you very much for your kind and generous help and for taking the troubles with me

I remain with compliments from Prof. Jermer

yours sincerely
