Dear Dr. Sabin,

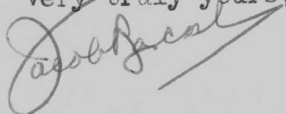

As my father was a physician and my wife is a pediatrician, I have been interested in the advancement of medicine and particularly doctors having the interests of humanity at heart.

Please accept my admiration for your efforts to alleviate the pains and suffering of human beings, as I have followed your great work.

I would consider it a cherished favor if you would send me your autograph to keep as a memento of a physician who deserves the gratitude of our people.

Please grant my request.

Very truly yours,
