Albert Sabin, M.D.
The Children's Hospital Research Foundation
Eiland and Bethesda
Cincinnati, Ohio

Dear Doctor Sabin:

I plan to propose M. Eugene Lahey, M.D. for an appointment in this department as Clinical Professor of Pediatrics to become effective as soon as possible.

It is required that letters accompany this recommendation for appointment and I am writing you to request that if you know Doctor Lahey sufficiently well that you address an appropriate letter to me recommending him for this appointment.

If possible we would appreciate having your letter in four copies (original and three copies). Your cooperation will be very much appreciated.

Sincerely,

Edward B. Shaw, M.D.
Professor and Chairman

EBS/ms
