Dr. Albert Sabin's Office
Children's Hospital
Cincinnati 29, Ohio

Dear Madam,

This request is being written for the Recruitment Committee for nursing personnel based at General Hospital. The Ohio State Nurses' Association is holding it's convention in Columbus in October, and we will be having a recruitment booth there for the Medical Center.

Plans now include displaying reprints of articles written by our Medical Center Staff. We would very much like to include Dr. Sabin's material as the pediatric representative along with anyone else you might suggest. We would like several copies of some recent articles if this would be possible. These would only be for display and not for distribution.

The Hospital Messenger Service would probably be the easiest method of communication.

If these reprints are available and we may obtain copies, we would appreciate it.

Thank you,

Linda Tyson

(Miss) Linda Tyson, R.N.
