Brasilia, October, 15th, 1984

My dear Albert.

Thank you for sending me your very important works that I read completely.
Unfortunately we cannot go to Mexico and consequently to USA.
I have had many invitations to speak on PRIMARY HEALTH CARE (Brasilia experience) in Rio, São Paulo, Maceió, Florianópolis and minas Gerais. But next July we are sure we will be in USA, inviting by La Leche League International (see invitation herewith).

I am sure you are very well now and I look forward to see Heloísa and you in Brazil very soon. Let us know, please, when you come.

Warmest regards to Heloísa and you from Dinah and I.
MUITAS SAUDADES!

Always yours,

Ernesto Silva
