Dear *Albert* Sabin:

I want to thank you for your participation in the NIH Centennial activities on March 2. Your remarks to the NIH Centennial Scholars and Teachers were one of the highlights of the day. Many of the Scholars and Teachers said that the luncheon with you and other world reknowned biomedical scientists was of special significance to them.

Also, thank you for your participation at the concert by Miha Pogacnik and Diedre Irons. It was an evening of excellent music.

On behalf of the entire NIH community, I am delighted that you could be with us for these two special NIH Centennial events, and I look forward to seeing you at other activities throughout the year.

Sincerely yours,

*Jim*
