MILWAUKEE CHAPTER

"The Healing of the Daughter of My People"

4829 North Marlborough Drive
Milwaukee, Wisconsin 53217
January 12, 1966

Dr. Albert B. Sabin
Childrens Hospital
Cincinnati, Ohio

Dear Dr. Sabin,

On Wednesday evening, March 16th, the Milwaukee Chapter of Hadassah is planning a "Salute to Medicine" program. We intend to invite not only the 2,600 members of our organization and their husbands, but the Milwaukee community as well.

The highlight of the evening is to be the honoring of an outstanding member of the medical profession who has made vast advances in the field of medicine benefiting not only people in America, but in Israel as well. Because of your discovery of the oral anti-polio vaccine, your interest in the health problems in Israel and in our Medical Center, and your humanitarian concerns in the welfare of mankind, we would be extremely grateful if you would be our honored guest and keynote speaker.

We are aware of your very busy professional schedule, but we sincerely hope that you will find it possible to be with us that evening.

We would appreciate hearing from you at your earliest convenience.

Sincerely yours,

Mrs Jerome Sadowsky

Mrs. Jerome Sadowsky
Program Co-ordinator
