Dear Dr. Sabin,

This is the same account of the inauguration of the Polio Vaccine Unit at Coonoor. There are a few interesting changes in it.

I am sending this and my note in my mother tongue on your vaccine. You may meet some me who can read it. My niece in N.I.H. may help you. Dr Sabin occurs 'all over' in my mind and therefore in my note. In the reports from Coonoor that very name is conspicuous by its absence.

With kind regards.

Yours sincerely,

(P.V. Gharpure)
