Dear Bob:

Enclosed is a copy of a letter which was sent to our Business Office. According to this letter the entire cost of the trip from Cincinnati to Copenhagen, to Russia, and return can be credited to my contract. This is very generous, indeed, but I should like to double check on this because it was originally my understanding that only that portion of the trip between Copenhagen, Russia and return as well as certain excess baggage items resulting from my special mission would be chargeable to my contract.

I would appreciate it very much if you would confirm the information contained in Colonel Brown's letter. As matters now stand the Children's Hospital Research Foundation advanced me the funds for the portion of the trip between Cincinnati and Copenhagen.

Sincerely yours,

Albert B. Sabin, M. D.
