</tr>
<tr>
<td>Maxwell Field, Alabama</td>
<td>Poliomyelitis</td>
<td>June 22</td>
<td>1 Y</td>
</tr>
<tr>
<td>Mather Field, California</td>
<td>Choriomeningitis</td>
<td>July 11</td>
<td>1 G</td>
</tr>
</tbody>
</table>

Lt. Colonel Bayne-Jones informs me that you state you have not been receiving these weekly reports from this office. When there have been no cases of neurotropic virus diseases during the week, no weekly report is sent to you. However, you may be assured that you are notified of all cases which are reported to this office.

Very truly yours,

Kirk T. Mosley
Captain, Medical Corps

Incl.
Abstracts

CC: Dr. Francis C. Blake, 333 Cedar Street, New Haven, Connecticut
Lieut. Col. Harry Flotz, Virus Laboratory, Army Medical School, Washington, D.C.
Dr. Albert S. Sabin, Children's Hospital, Cincinnati, Ohio
Lt. Col. Bayne-Jones
