Dear Dr. Sabin:

It has come to the attention of this office that not infrequently the Consultants to The Surgeon General also serve in a consultative capacity in other government agencies.

If you are so employed on a per diem basis, this is to advise you that while the holding of multiple appointments is permissible, it would be contrary to the provisions of the Dual Compensation Statute to receive compensation from more than one federal agency for services rendered on the same day. The foregoing statement does not hold true for Consultants holding appointments compensated on a per visit basis.

This information is being furnished merely with a view toward safeguarding your personal interests.

Sincerely yours,

E. W. LaCROSS
