A statement giving the amount of money allocated you for your project accompanies this letter.

As the first step in arranging for its use please send me in triplicate the breakdown requested with approval from the business office of your university, including statement about overhead (see Item 4).

I hope these arrangements are satisfactory and if there is anything I can do in the way of information, please do not hesitate to call on me.

Sincerely yours,

John R. Paul, M.D.
Director
