Re: Contract No. W 49-007-MD-400

Gentlemen:

The records of this office indicate that Contract No. W 49-007-MD-400 will expire 30 June 1950. It is the understanding of this office that this project will be continued under Contract No. DA 49-007-MD-59, and equipment acquired under Contract No. W 49-007-MD-400 will be transferred to the new contract.

The Contracting Officer has set 31 October 1950 as the closing date for the settlement of referenced contract. It is requested that you submit your final voucher for reimbursement of costs under the contract by that date.

In order that transfer of equipment may be accomplished, it is requested that an inventory, in quadruplicate, be submitted of all supplies remaining on hand which have been furnished by the Army, procured by the Contractor, or withdrawn from Contractor stores for the account of the Army, in accordance with Article 40(4) of the contract. All copies of the inventory should be signed by an authorized representative of the Contractor.

If there has been construction or alteration to premises, it is requested that this office be advised in order that settlement may be made under the terms of Article 40 of the contract. If there has been no alteration or construction, it is requested that a statement be furnished to that effect.

The Patent Representative of this office will contact you in the near future regarding a Terminal Patent Report.

Your cooperation in accomplishing settlement of the contract within the time set will be appreciated.

Sincerely yours,

C. G. GRUBER  
Colonel, MSC  
Contracting Officer
