MEMORANDUM FOR: COMMANDING GENERAL, USA MED R&D COMMAND

SUBJECT: Contract Recommendations of the AFEB

1. The AFEB, in executive session, 8 December, made the following recommendations:

COMMISSION ON ACUTE RESPIRATORY DISEASES
Recommended for approval - None
Recommended for disapproval -
   Dr. Bernard Portnoy, The Ecology of Respiratory Viruses in Student Nurses.

COMMISSION ON EPIDEMIOLOGICAL SURVEY
Recommended for approval - None
Recommended for disapproval -
   Dr. Irtaza H. Siddique, Factors in the Virulence and Immunogenicity of Listeria. The Board concurred with the Commission that this proposal does not seem to fall within its purview or the mission of the US Army Medical Unit, Fort Detrick.

COMMISSION ON PARASITIC DISEASES
Recommended for approval -
   Dr. Franz C. von Lichtenberg, Protective Mechanisms in Schistosome Infection.
Recommended for disapproval - None

COMMISSION ON RADIATION AND INFECTION
Recommended for approval -
   Dr. Malcolm C. Page, Clinical and Laboratory Studies of Infection in Debilitated States Following Ionizing Radiation and Radiometric Drugs.
Recommended for disapproval - None

FOR THE ARMED FORCES EPIDEMIOLOGICAL BOARD:
