MEMORANDUM FOR: BOARD MEMBERS

SUBJECT: Items for Consideration at the February Meeting

1. Enclosed are several items for your review prior to the February Board meeting.

   (a) Request from Department of the Air Force dated 10 December 1968 on Rabies Pre-immunization, and proposed reply from the Director, Commission on Immunization dated 6 January 1969.

   (b) Malaria general recommendation dated 22 January 1969.

2. Also forwarded are items that may come up for discussion during the meeting with recommendations presented by commission directors for action by the Board.

   (a) Request from Department of Army dated 8 January 1969 on Disinfection of Swimming Pool Water.

   (b) Research contract applications:

      (1) R. Megirian - "Effect of Antimalarial Drugs on the Phagocytic Properties of the Reticuloendothelial System". Sent to Commission on Malaria for a mail vote.

      (2) B. I. Gordon "Quantitative Studies on the Delivery of Sweat and Factors Influencing the Rate of Delivery" - This is the first time this application has been submitted to the Board. The contract has been supported by the R&D Command since March 1965, at the approximate level of $22,000 a year. A mail vote has been requested from the Commission on Cutaneous Diseases.

      (3) W. L. Epstein "Histology of Blisters Produced Experimentally in Man". This is referred to the Board for the first time. The contract was initiated 1 April 1967 and has been funded at the approximate level of $7,500 a year. A mail vote has been requested from the Commission on Cutaneous Diseases.
AFEB

3 February 1969

SUBJECT: Items for Consideration at the February Meeting

(4) John M. Knox "Environmental & Host Factors in the Pathogenesis of Cutaneous Infections". This is referred to the Board for the first time. The contract was initiated 1 April 1965, and funded at the approximate level of $36,000 a year. A mail vote has been requested from the Commission on Cutaneous Diseases.

(5) S. Stephen Chapman "Surveillance of Streptococcal M Types Among Military Personnel". This is a new application. Because the Commission Director is co-investigator, and members of the Commission are consultants, the application is being reviewed by Dr. Rammelkamp who will report to the Board in lieu of a Commission recommendation.
