Dr. Roderick Murray  
Division of Biologics Standards  
National Institutes of Health  
Bethesda 14, Maryland  

Dear Dr. Murray:

Enclosed herewith are the papers given to me by Dr. Chumakov. It would certainly greatly help their planning of the forthcoming trip if you, or some other authorized person, could let them know as quickly as possible whether or not the proposed schedule is satisfactory.

Sincerely yours,

Albert B. Sabin, M. D.
