Attention: Mr. V. B. Nelson

Dear Mr. Nelson:

I deeply regret to have to ask you to change the plans for my travel as approved in my letter of March 6th. Unfortunately, I find that I shall have to stay over in Geneva for a World Health Organization meeting which will be held July 15 to 20.

Accordingly, I would appreciate it if the reservations at the Hotel des Bergues could be extended until July 20th. I would then like to leave Geneva on a late afternoon or evening flight to Paris (if possible -- otherwise on an early flight on July 21st), and then to sail from France on or about July 25th. I would prefer to go back on one of the new ships of the U. S. lines but if that is not possible on the LIBERTE sailing on July 25th.

I am sorry to put you to this trouble but I have only just been informed of the special conference in Geneva.

Sincerely yours,

Albert B. Sabin, M. D.
