Dear Professor:

We listened to the delegation with the greatest of interest and to the receptivity rendered it under your personal direction.

The Scientific Council extends to you and your assistants our utmost thanks for your aid in acquainting them with the progress in studying poliomyelitis in the United States, and expresses the hope of further strengthening scientific ties between American and Soviet science.

With deepest esteem

Chairman, Scientific Council
Ministry of Public Health, USSR

Professor

N. I. Grashchenkov
