November 12, 1957

Dr. Albert B. Sabin
The Children's Hospital Research Foundation
University of Cincinnati
Cincinnati, Ohio

Dear Doctor Sabin:

I am pleased to inform you that the National Foundation for Infantile Paralysis has approved the application of the University of Cincinnati, dated June 24, 1957, for a grant of $147,300 to support the program of research outlined therein, which is to be under your supervision. This grant will be for a period of one year, effective January 1, 1958, and payment will be made prior to that date.

The Public Relations Department of the National Foundation will communicate with you in the near future concerning publicity and we prefer that no public announcement be made about the grant prior to that time.

The National Foundation will withhold $52,500 from the grant for the purchase of monkeys for use in your research. You may order monkeys directly from Okatie Farms at Hardeeville, South Carolina, as needed, up to the total number covered by the funds withheld for that purpose. Funds may not be used from the grant to purchase monkeys from any other source without the prior approval of the National Foundation in writing.

In supporting this program of research the National Foundation has added $19,238 for indirect costs, which amount was determined in accordance with article 9, page 6, of its "Policies and Rules Governing Grants," a copy of which is enclosed.
Expenditures under the grant are to be made in accordance with the approved budget and under the conditions stated in the application for the grant. No deviation from these procedures is permitted without the prior authorization of the National Foundation in writing. Any unexpended balance remaining from a previous grant may not be expended in support of this program, but must be returned to the National Foundation, together with the proper accounting therefor, before January 31, 1958. In making this grant the National Foundation is under no obligation to continue its support.

Copies of this letter are being sent to President Walter C. Langsam, Dean Stanley E. Dorst and Dr. A. Ashley Weech.

Sincerely yours,

[Signature]

President
