Dr. Albert B. Sabin  
The Children's Hospital  
Research Foundation  
Elland Ave. and Bethesda  
Cincinnati, Ohio

Dear Albert:

Dr. Olitsky and I wish to congratulate Sylvia and you on your new daughter. May she always be your great pride and joy!

Your letter, we agree, solves the current problems very nicely: you to write the cynomolgus paper; we, the Type 2 CF antibody in Type 1 polio patients. Of course your own important paper on transitory neutralizing antibody should be very interesting. Reprints as requested are being sent.

With best wishes from both of us,

Sincerely,

Jordi Casals
